PRACTITIONER INTERACTIVE WORKSHOP

- **Managing Change:** Think of a recent change initiative in your organisation. What worked well, and what could have been done differently to gain greater employee engagement and support? What new management skills may be required to ensure staff are engaged and empowered in a fast changing business environment?
- **Fostering Collaboration:** How can insurers, brokers, and service providers better collaborate to drive innovation and operational efficiency in the London Market? Identify one specific example where collaboration has assisted you/your firm or created an opportunity for a stronger partnership.
- **Developing Future Leaders:** What strategies can senior leaders adopt to nurture and empower the next generation of leadership in the London Market? Discuss practical approaches to mentorship, skills development, and succession planning.
