# LMF Practitioner Member Testimonials

Here's what our Members say

**Mike Walsh**  
Managing Director  
Allied World

*"Roger and team have built a tremendous network throughout every aspect of the London Insurance market ecosystem over the past 10 years. The team is professional, helpful and friendly and provide an extremely important service to the market. The focus groups offer true innovation and help navigate some of the most challenging aspects for the industry right now while the social events are truly spectacular. I particularly applaud the way the team support the newer member of the market offering valuable insight and networking opportunities. The Leaders of Tomorrow programme which I have had the pleasure of participating is one of the highlights of the year for me and it has been remarkable to see the growth of certain individuals, some of whom have progressed into very senior positions in the market. I would encourage people to register their details and get involved. Here's to the next 10 years!"*
