

25th March 2020

Dear Market Friend

Firstly, I would like to pass on my very best wishes, as does the whole LMForums team, to you and your family and friends at this extraordinarily testing time. We hope you are keeping safe and well and that those of you who are affected by awful virus make a quick recovery.

Over the last 5 years, LMForums has brought thousands of insurance professionals together to learn, share ideas and build valuable connections. During these unprecedented times we will continue to keep you informed as well as help you and your colleagues engage with each other, discussing matters of common interest and hear from those with subject matter expertise.

Our ethos has always been to provide a "free to access" platform, to bring the Market together to help both individuals and companies learn and grow. Even through this most difficult period, we'll continue to do the same, albeit in a slightly different format.

Over the next few weeks, you'll be hearing from us through a number of channels and we'll aim to keep our popular [website](#) updated as much as possible. We are also planning a very special digital only edition of our popular "[Market People Magazine](#)". If you are interested in writing an article or would like to use the publication to send a message to your Market partners or clients, [do get in touch](#).

We are immensely grateful to our Community Partners and Corporate Members who have kindly supported our events in recent times: Aon, Allied World, Liberty Speciality Risks, Charles Taylor InsureTech, Consilio, Netcall, Autorek, Mendix, AFEX, Net Diligence, Freeborn, Sapiens and Sheridan Resolutions.

Our Leaders of Tomorrow Conference is due to take place on 25th June and we are working with participants across the Market to deliver this popular gathering, subject to Government direction, naturally. For the moment our 40+ annual Executive Practice Group gatherings have stopped but we have some plans to bring some members of those groups together at times, virtually, over the coming weeks and months.

Do follow us on [LinkedIn](#), [Twitter](#) and [Instagram](#). If you haven't signed up for [free membership](#), do so today. Watch this space as we have some exiting new Member benefits to be announced when we all head back to EC3.

Finally, we just want to say that we are committed to providing you, our Market friends and partners, with the same trusted platform. If you have a topic or theme you'd like to discuss with the Market, do get in touch and we'll endeavour to make it happen.

Please keep safe and well.

Yours sincerely

A handwritten signature in blue ink that reads 'Roger'.
