# INVITATION

LONDON MARKET FORUMS  
BRINGING INSURANCE PROFESSIONALS TOGETHER

## ANNUAL EXECUTIVE DINNER

29<sup>TH</sup> APRIL 2020

*BRINGING INSURANCE PROFESSIONALS TOGETHER*

BOB BOB CITÉ, LEADENHALL BUILDING, 122 LEADENHALL STREET, CITY OF LONDON, EC3V 4AB

# ABOUT THE DINNER

Each year LMForums brings thousands of insurance professionals together to discuss matters of common interest, concern and opportunity for this unique trading place. We are proud to continue to provide this platform for the sector on both a “free to access” and “not for profit” basis.

One of the key activity streams is our ten Executive Practice Groups which each meet four times a year to discuss topical themes, Market concerns and hear from leading speakers and Subject Matter Experts. There is considerable output from these sessions, helping to further knowledge and collaboration across the Market.

Each year we like to bring together a small number of senior executives to look at some of this output and debate the most pressing issues impacting Market firms, our competitive position and opportunities for growth and development.

The Annual LMForums Executive Dinner provides the perfect opportunity for senior personnel to come together, here in the heart of the City, to enjoy an informative evening with Market peers.

This year we are delighted to announce that the Dinner will take place at the City's newest and most stunning restaurant, Bob Bob Cité, in the impressive Leadenhall Building. The restaurant, which opened in 2019, is renowned for its incredible French brasserie-style cuisine and unapparelled champagne selection. On 29th April, a select number of senior executives will enjoy first class treatment in one of the restaurant's exquisite private dining rooms.

We invite you to be part of this special evening.

# ABOUT LMFORUMS

After almost 30 years working in the London Market, in a variety of roles, I was keen to create a platform for professionals of all levels, from Graduate to Chairman to come together to learn, collaborate and network. I was equally keen to deliver this platform without cost to the Market and our Practitioner Membership.

## WHY LMFORUMS?

**1** The London Market still thrives and achieves the most when it works together. Whilst we live in a fast paced digital age, the power of individuals coming together, face to face, to share ideas and best practice is incredibly powerful and very productive for both the practitioners and participating firms. With 60 events planned for 2020, it will be a busy year.

**2** LMForums is a true cross market hub, attracting professionals from all contingents of the EC3 trading environment. Our event sponsors are keen to share their knowledge and experience, thereby raising education levels in our community. We actively work with Government departments and academic institutions who contribute a lot to the discussions, debates and dialogue.

**3** Practitioners attend almost all of our events without charge, have access to learning materials and content from a vast range of Subject Matter Experts and enjoy our incredibly entertaining social events. We are passionate about delivering excellence and value for our Market colleagues.

**4** We are insurance professionals who run the hub for the benefit of other insurance professionals: we understand the domain and ensure that content and delivery is 100% aligned with the needs of our community.

We hope you can join us on 29<sup>th</sup> April for a most interesting evening at one of the City's best venues.
