# “NEW WORLD” SERIES

TIME TO TALK ABOUT OUR CHANGING WORKPLACE, POST PANDEMIC

**9<sup>th</sup> June 2020**

**11.30AM - 12.45PM  
ZOOM ROUNDTABLE**

**W**e are excited to announce a very special series that we've created, especially for London Market Practitioners. LMForums, the Market's most active Thought Leadership and Networking Hub, will be bringing together some amazing people to discuss and debate how the pandemic has really changed the workplace.

We'll look at the impact that it's had so far and debate the long term implications for the office environment and the wider EC3 trading environment. Our sessions enable participants to learn, network and collaborate.

- EXPERT SPEAKERS
- LIVE POLLING
- BREAKOUT ROOMS
- ROUNDTABLE
- PEER TO PEER DEBATE

ROUNDTABLE 2 (16TH JUNE) | ROUNDTABLE 3 (23RD JUNE)

**David Clarke**  
Associate Partner - London  
Market Lead  
PEN Partnership

An experienced consulting practitioner with over a decade of experience working for global consulting and advisory businesses, with a particular

focus on London Markets. David's skill set sits firmly at the intersect of business and technology strategy; this coupled with David's experience in delivery and execution, has led to him successfully support his clients to navigate their most challenging problems – ensuring that they realise their desired outcomes and benefits.

**Callum Mayor**  
Partner - Insurance,  
Pensions, Platforms Lead  
PEN Partnership

Renowned for making complex situations simple and delivering major transformation programmes across all aspects of business,

operations, and technology. Callum has spent over 15 years delivering high-impact client solutions, including business transformation initiatives, the launch of complex financial products, and the integration of strategic platforms.

**Nick Dennis**  
Partner – Insurance,  
Pensions, Platforms  
PEN Partnership

Nick supports clients with performance improvement and large-scale change, helping them to enter new markets, operate more efficiently and

improve the experience for their customers. Nick enjoys working closely with clients to help them solve complex problems and to shape and deliver change. He has worked with clients across multiple sectors, particularly the financial services industry. His experience is in shaping and leading complex change and operational excellence programmes.

**Tom Maleczek**  
Chief Technology Officer -  
Charles Taylor InsureTech

Tom is passionate about technology and its potential to drive change. Over the last 15+ years he has built a track record of successfully delivering effective technology strategy,

high performing technology solutions and digital transformation initiatives.

Tom describes himself as a digital optimist, easily excited by what we could do differently and where technology can take us... but with the experience to appreciate the challenges involved in embedding real change.

**Dr Phil Godsiff**  
Senior Research Fellow  
- University of Exeter  
Specialist in the Digital  
Economy

Phil is a senior researcher at the University of Exeter and Network Co-ordinator for DEAS, as well as a

Government adviser. His current research interests include the effect of developments in the digital economy on industries such as the financial services, and service productivity.
